Re: Re: *Ex parte*, Inter-Carrier Compensation for ISP-Bound Traffic, CC Docket No. 99-68; Implementation of the Local Competition Provisions of the Telecommunications Act of 1996, CC Docket No. 96-98; Developing a Unified Inter-carrier Compensation Regime, CC Docket No. 01-92; Sprint Corp. Petition for Declaratory Ruling Regarding the Routing and Rating of Traffic by LECs, CC Docket No. 01-92

Dear Ms. Dortch:

On Tuesday, February 1, 2005, Robert Quinn, Amy Alvarez and the undersigned met with Christopher Libertelli, Senior Legal Advisor to Chairman Michael Powell, and Aaron Goldberger, counsel to the office of Chairman Powell, concerning the intercarrier compensation FNPRM and virtual NXX / transiting issue. The positions discussed were consistent with AT&T's January 25, 2005 written *ex parte* submission arguing against the application of access charges on virtual NXX and ISP-bound traffic and our January 27, 2005 written *ex parte* submission addressing the obligations of all carriers under the Act and the Commission's rules regarding the provision of transiting, as filed in the above-captioned proceedings. In addition, we explained the urgent need for the Commission to issue a Further Notice of Proposed Rulemaking in the intercarrier compensation proceeding to help advance the goal of intercarrier compensation reform.

Consistent with Section 1.1206 of the Commission's rules, I am filing one electronic copy of this notice and request that you place it in the record of the above-captioned proceedings.

Respectfully submitted,

cc: C. Libertelli  
A. Goldberger
